

Запросы твёрдых предложений по заявке ЛУКОЙЛ

Выкладка отвечает, у кого есть. Отгрузить по ней нельзя: цена с карточки живёт до следующего обновления витрины, остаток меняется за сутки, продавец ничем не связан. Ниже — готовые письма: по одному на адресата, со списком его позиций и восемью вопросами, ответы на которые превращают карточку в предложение.

Писем к отправке	120	из них 42 содержат хотя бы одну твёрдую строку
Позиций в запросах	201	строки со складом в любой из трёх градаций; всего таких 217
Позиций без адресата	16	склад назван, но почты продавца нет — им нужен телефон или форма сайта

Как этим пользоваться

1. Письма не подписаны: подставьте своё имя, компанию и реквизиты перед отправкой.
2. Имя заказчика в письмах не названо намеренно. До сделки продавцу оно не нужно, а репозиторий публичный.
3. Порядок — по числу твёрдых строк у адресата. Верхние двадцать писем закрывают большую часть объёма; начинать с них.
4. Ответ считается предложением, только если в нём есть остаток числом и срок под наш объём. «Есть в наличии, пишите» — это не ответ, а повторение витрины.
5. Для рассылки берите `gt/docs/ЗАПРОСЫ-ЛУКОЙЛ.csv` или `gt/data/ship_rfq_letters.json` — там те же письма полями «кому», «тема», «текст».

Позиции со складом, но без адреса продавца

Склад назван, писать некуда: почты у продавца не нашлось. Здесь нужен телефон, форма обратной связи или другой продавец.

For each position, please confirm:

- 1) confirmed quantity on hand today, as a number (not «in stock»)
- 2) lead time for the FULL quantity we ask, and for the part of it you can ship now
- 3) unit price and total price for the full quantity, net, in your currency
- 4) how long the quote stays valid
- 5) Incoterms and shipping point
- 6) condition: new, factory-sealed, surplus or refurbished; warranty term
- 7) country of origin and HS code
- 8) return policy if the part does not match the nameplate

If a position is not available in the full quantity, please say so plainly and quote what you can ship – partial coverage is useful to us, an unconfirmed «in stock» is not. If you can offer a direct equivalent from the original component manufacturer, quote it as an alternative and name the part number.

Best regards,

For each position, please confirm:

- 1) confirmed quantity on hand today, as a number (not «in stock»)
- 2) lead time for the FULL quantity we ask, and for the part of it you can ship now
- 3) unit price and total price for the full quantity, net, in your currency
- 4) how long the quote stays valid
- 5) Incoterms and shipping point
- 6) condition: new, factory-sealed, surplus or refurbished; warranty term
- 7) country of origin and HS code
- 8) return policy if the part does not match the nameplate

If a position is not available in the full quantity, please say so plainly and quote what you can ship – partial coverage is useful to us, an unconfirmed «in stock» is not. If you can offer a direct equivalent from the original component manufacturer, quote it as an alternative and name the part number.

3. P/N 1794-ACNR — 3 pcs; brand Solar; Control Net резервированный адаптер Солар Taurus 70MD 1794-ACNR
your listing: <https://www.plcdcspro.com/products/allen-bradley-1794-acnr-flex-i-o-controlnet-redundant-adapter-module>

For each position, please confirm:

- 1) confirmed quantity on hand today, as a number (not «in stock»)
- 2) lead time for the FULL quantity we ask, and for the part of it you can ship now
- 3) unit price and total price for the full quantity, net, in your currency
- 4) how long the quote stays valid
- 5) Incoterms and shipping point
- 6) condition: new, factory-sealed, surplus or refurbished; warranty term
- 7) country of origin and HS code
- 8) return policy if the part does not match the nameplate

If a position is not available in the full quantity, please say so plainly and quote what you can ship — partial coverage is useful to us, an unconfirmed «in stock» is not. If you can offer a direct equivalent from the original component manufacturer, quote it as an alternative and name the part number.

Dear Pepperl+Fuchs team,

We are a procurement company sourcing spare parts for gas turbine and gas engine power generation equipment. We found the positions below on your listings and ask you for a firm quotation.

1. P/N KFD2-STC4-Ex1 — 8 pcs; brand Solar; Барьер искрозащиты Солар Taurus 60S KFD2-STC4-Ex1
2. P/N KFD2-EB2 — 6 pcs; brand Solar; БЛОК РАЗВЯЗКИ, ФИДЕР ПИТАНИЯ Солар Taurus 70MD KFD2-EB2
price we see on the listing: 34.0 USD
stock shown: 3

For each position, please confirm:

- 1) confirmed quantity on hand today, as a number (not «in stock»)
- 2) lead time for the FULL quantity we ask, and for the part of it you can ship now
- 3) unit price and total price for the full quantity, net, in your currency
- 4) how long the quote stays valid
- 5) Incoterms and shipping point
- 6) condition: new, factory-sealed, surplus or refurbished; warranty term
- 7) country of origin and HS code
- 8) return policy if the part does not match the nameplate

If a position is not available in the full quantity, please say so plainly and quote what you can ship — partial coverage is useful to us, an unconfirmed «in stock» is not. If you can offer a direct equivalent from the original component manufacturer, quote it as an alternative and name the part number.

Best regards,

Dear Polymax UK team,

We are a procurement company sourcing spare parts for gas turbine and gas engine power generation equipment. We found the positions below on your listings and ask you for a firm quotation.

1. P/N 036625/000 — 2 pcs; brand Siemens; СОЕДИНИТЕЛЬНОЕ УПЛОТНЕНИЕ - 1.1 / 2 BSP Сименс SGT-400 036625/000
your listing: <https://www.polymax.co.uk/o-rings/bonded-seals/>
price we see on the listing: 1.86 GBP

For each position, please confirm:

- 1) confirmed quantity on hand today, as a number (not «in stock»)
- 2) lead time for the FULL quantity we ask, and for the part of it you can ship now
- 3) unit price and total price for the full quantity, net, in your currency
- 4) how long the quote stays valid
- 5) Incoterms and shipping point
- 6) condition: new, factory-sealed, surplus or refurbished; warranty term
- 7) country of origin and HS code
- 8) return policy if the part does not match the nameplate

If a position is not available in the full quantity, please say so plainly and quote what you can ship — partial coverage is useful to us, an unconfirmed «in stock» is not. If you can offer a direct equivalent from the original component manufacturer, quote it as an alternative and name the part number.
